Care For Work Environments®

Ecolution®

NEUTRAL FLOOR CLEANER

PRODUCT OVERVIEW :

SAFE AND EFFECTIVE

Ecolution® Neutral Floor Cleaner is specially formulated for use on all types of finished floor surfaces, including vinyl tile, sealed wood, laminate, terrazzo, concrete, and more. Its neutral pH formula is tough on built-up dirt and soil yet gentle enough for sensitive surfaces. When used as directed, it will not attack, yellow, or dissolve floor finish and leaves no soap film behind. Plus, it requires no rinsing.

ECONOMICAL

Ecolution Neutral Floor Cleaner is highly concentrated, allowing it to be diluted for various cleaning needs. Use it with State's One Solution™ dilution system for safe, accurate, and cost-effective dispensing. It can be applied with a damp mop or through an auto scrubber machine.

CERTIFIED SAFE

Ecolution Neutral Floor Cleaner is Safer Choice Certified, meeting the EPA's rigorous environmental, health, safety, and performance standards.

DIRECTIONS FOR USE :

Please review the label and SDS for all product directions, precautions and first aid information prior to using this product.

Use the guidelines below to prepare the solution for use.

Light Soils: 1 ounce per gallon of water (1:128)

Medium Soils: 3 ounces per gallon of water (1:42)

Heavy Soils: 4 ounces per gallon of water (1:32)

TECHNICAL DATA :

APPEARANCE: orange liquid

ODOR: unfragranced

pH (CONCENTRATE): 10.5

pH (DILUTED): 7.5 - 9.5

STABILITY: if frozen, gentle mixing will be necessary

SHELF LIFE: two years
