# BUILT DETERGENT

## Detergent for Multi-Component Laundry Systems

Pyxis™ Built Detergent is a super-concentrated detergent and builder formulation specifically for institutional laundry equipment. This detergent offers powerful deep cleaning without requiring an additional builder product. Its concentration of surfactants and soluble alkalis yields exceptional cleaning at a low cost. It removes a wide variety of soils and often eliminates the need for an added break or alkali and expensive presoaks and additives. This product is compatible with bleach and contains optical brighteners to revive whites and colored fabrics. Pyxis Built Detergent provides excellent cost-effective cleaning to tackle your toughest laundry problems.

### DIRECTIONS FOR USE

Use Pyxis Built Detergent for institutional laundry equipment. This product is compatible with chlorine bleach. Remove container cap and connect to the correct chemical pick-up tube. Not compatible with home style laundry machines. Designed for stainless steel washer extractors.

### ADDITIONAL TREATMENT SOLUTIONS

For additional laundry cleaning and enhancement, use these products:

Pre-Spotting: Ecolution® Po<sub>2</sub>wer, a powerful oxygenated pretreatment spotter.

Color-Safe Brightener: Ecolution® Po<sub>2</sub>wer concentrated powder additive, oxygenated brightener and stain remover.

Fabric Softener: Pyxis™ Fabric Softener, concentrated laundry softener that makes laundry soft and fluffy. Reduces static cling and makes ironing easier and faster.

Laundry Detergent: Ecolution® Hypoallergenic Laundry Detergent, concentrated detergent specifically formulated for institutional machines.

Please review label and SDS [stateindustrial.com](http://stateindustrial.com) for all product directions, precautions and first aid information.
