Care For Work Environments®

## PRODUCT OVERVIEW :

### CONVENIENT SPOT TREATMENT

Carry on-the-spot weed relief in one hand. No more mixing, no more special equipment. Now you have effective and efficient weed elimination in its most portable form. TKO Non-Selective Weed Killer's unique spray valve can be used upside-down for easy application. TKO Non-Selective Weed Killer is ideal for hard-to-maintain areas like parking lots, fencerows and sidewalks.

### MULTIPLE ACTION FORMULA

TKO kills on contact. It contains petroleum oil for fast brown-out. TKO Non-Selective Weed Killer moves through the plant. It contains 2,4-D for foliage translocation. TKO Non-Selective Weed Killer is absorbed through the roots. It contains Bromacil to be absorbed by the root system for total kill.

## DIRECTIONS FOR USE :

Remove protective cap. Invert can and point opening in spray tip towards weeds to be sprayed. Depress the tab on the side of tip and spray weeds thoroughly. Be sure to completely wet weeds. Use in late spring when most weeds have appeared. The amount needed will depend on the area to be covered. Reapply as necessary. Frequency of application will depend on soil type, rainfall and other conditions. One can will treat approximately 90 square feet.

Please review label and SDS for all product directions, precautions and first aid information.
