

AIR CARE *Solutions*

STATE® FRAGRANCE CUBE™ 6-15

- Powerful odor neutralizer and scenting system
- Cold air diffusion technology provides continuous fragrancing
- Treats medium-sized spaces roughly 6,000 to 15,000 cubic feet

CARE FOR WORK ENVIRONMENTS®

STATE[®] FRAGRANCE CUBE™ 6-15

ADVANCED AND EFFECTIVE SYSTEM

State's Fragrance Cube™ 6-15 is the ideal solution to treat indoor, medium-sized spaces ranging from 6,000 to 15,000 cubic feet. Common areas will smell fresh and inviting, providing the best experience and first impression for guests, customers and residents. The Fragrance Cube 6-15 produces a scented, dry vapor via compressed air and agitation mechanisms to neutralize malodors at the source. The sleek, compact design allows you to place it anywhere within your facility seamlessly without disturbing the existing environment. Whether you're looking to eliminate malodors or create a comfortable atmosphere with scenting solutions, State has you covered.

AROUND-THE-CLOCK PROTECTION

This innovative system utilizes cold air diffusion technology to emit an invisible, dry vapor, allowing fragrances to naturally carry and bloom throughout the area. Unlike wax, gel and aerosol formulations, the Fragrance Cube 6-15 consistently dispenses product, working on an interval basis, to provide around-the-clock protection. There is generally no decline in fragrance strength during the life of the refill product, so your areas never go unscented or risk accumulating harsh odors again.

TWO-IN-ONE NEUTRALIZER AND SCENTING SOLUTION

Combined with the power of the SE-500®, the patented odor eliminating technology, and our nontoxic and IFRA-compliant fragrances, the Fragrance Cube 6-15 is a powerful two-in-one solution. All in one step, the Fragrance Cube 6-15 neutralizes offensive odors and leaves behind a pleasant fragrance in their wake instead of simply masking malodors.

COMMON APPLICATIONS

The Fragrance Cube 6-15 is suitable to treat medium-sized spaces, ranging from 6,000 to 15,000 cubic feet, such as:

- Hallways
- Restrooms
- Athletic and game rooms
- Entry ways
- Locker rooms
- Gyms
- Lobbies

COMPLETE PROGRAM INCLUDED

From start to finish, State is here to help. The Fragrance Cube 6-15 is available on a complete program basis, meaning local Account Managers take care of the maintenance and service on the system. With routine visits from your local Account Manager, your Fragrance Cube 6-15 will never fail to treat your desired area.

DIRECTIONS FOR USE

1. After installation, open the door to the Fragrance Cube 6-15 by the key provided.
2. Remove the fragrance bottle and diffuser head from the unit.
3. Unscrew the diffuser head from the old fragrance bottle and replace with a refill.
4. Secure the diffuser head tightly to the refill.
5. Push the fragrance refill and diffuser head back inside the Fragrance Cube 6-15.
6. Screw the directional diffuser into the diffuser head to lock the bottle into place.
7. Lock the dispenser.
8. Repeat every other month when fragrance canister runs out of product.

INSTALLATION

After a thorough survey of your facility has taken place to determine the optimal placement of your system, your local State Account Manager will securely and safely install your Fragrance Cube 6-15.

DISPENSERS

Your local Account Manager will program your Fragrance Cube 6-15 to fit your facility's unique fragrancing needs, guaranteeing you get the most out of your program. The durable packaging of the Fragrance Cube 6-15 will ensure this dispenser can keep up with your facility's environment. Secured with a keylock, you'll never have to worry about misplaced refills, tampering or broken equipment.

FRAGRANCE REFILLS

State takes the guesswork out of your fragrance refills by automatically billing and shipping product to your doorstep when the fragrance runs out. With an average run-life of 60 days, your Account Manager will routinely visit your facility to change and replace these refills for you.

SERVICE

With State, the support doesn't stop at installation. To ensure your facility is receiving the best experience possible with our program, we'll provide additional service as required on our systems.
