LAUNDRY DETERGENT

CONCENTRATED LAUNDRY DETERGENT

Pyxis Laundry Detergent is a gentle, yet effective concentrated formulation designed for institutional laundry equipment. It Detergent offers powerful deep cleaning in a mild, neutral pH formulation, making it the perfect selection for small load laundry applications. Pyxis Laundry Detergent is concentrated to provide excellent cost-effective cleaning. One gallon of detergent can clean 64 to 128 loads. Pyxis Laundry Detergent can be used as a stand alone solution or in combinations with a complete laundry program, including softener, destainer or spotter.

DIRECTIONS FOR USE

Use Pyxis Laundry Detergent for institutional or top loading home style machines. For moderately soiled fabric, add 2 oz. (¼ cup) of detergent to the wash. For lightly soiled fabric, use 1 oz. per wash. For heavier soil loads, increase detergent to 4 oz. per wash and use a laundry pre-spotter, such as State Po₂wer.

ADDITIONAL TREATMENT SOLUTIONS:

For additional laundry cleaning and enhancement use these products:

Pre-Spotting: State Po₂wer RTU, a powerful oxygenated pre-treatment spotter.

Color-Safe Brightener: Ecolution Laundry Brightener

Please review label and SDS stateindustrial.com for all product directions, precautions and first aid information.
