- Water-based, low-fragrance deodorant
- Contains patented SE-500[®] malodor neutralizer
- Convenient size and package for on-the-go use
- Economical 1,500 sprays per single eight ounce can

Air Savors™ ECO

AIR SAVORS ECO

This non-aerosol air freshener contains zero propellants, making it safe for you and the environment. The compact, modern design fits on any counter and complements your space. As economical as it is subtle, a single can contains 1,500 sprays.

HIGHLY EFFECTIVE

This low-fragrance formula is designed for more sensitive noses. It contains a lower level of fragrance than our traditional Air Savors™ product with a water base creating a subtle scent experience, but remains effective with the SE-500® odor neutralizer. Subtle scents like these don't overwhelm the senses, but are still powerful enough to eliminate odors.

APPLICATIONS

Eliminate different types of foul problems including restroom, garbage and smoke odors. Perfect for spot use in washrooms, lunch rooms, car interiors, lobbies, apartment and hotel rooms, office spaces, kitchens and more.

Air Savors Eco is safe for use in all public spaces, health care environments or areas of concern with odor complaints.

DIRECTIONS FOR USE

Mist lightly into the air and allow fragrance to bloom. Avoid spraying wood or plastic surfaces. Use as much as needed.
