Warewashing Solutions

FREEZER CLEANER

FREEZER FLOOR CLEANER

WORKS IN LOW TEMPS

Built-in freezing point suppressants lower the Freezer Cleaner solution's freezing point, making it effective at very cold temperatures, down to -8°F. Ordinary cleaners lose power and cannot clean in cold temperatures.

HEAVY DUTY CLEANING

Special formulation of detergents cleans dirt and grease through emulsification. Residues may then be picked up with automatic scrubbing equipment or industrial wet/dry vacuums.

VERSATILE

Water soluble cleaner is perfect for use in floors in walk-in coolers, freezers and all other cold storage areas. Will also help control odors.

FREEZER CLEANER

FREEZER FLOOR CLEANER

directions

When used as is, this product may be used in temperatures as low as -8°F (-22°C). For additional economy, product may be diluted with water. At a dilution rate of 1:1 with water, the product may be used in temperatures as low as 17°F (-8°C). Sweep trash and loose soils from floor. Apply product from mop bucket using a dry mop. Allow a minimum of 10-15 minutes working time. Scrub heavily soiled areas. Remove excess product from floor with mop and then dry mop again.

technical data

Appearance:	Clear Blue Liquid
Odor:	Solvent
Density:	8.6 lbs / gal
pH:	2.75
VOC content:	0%
Foam:	Low
