Care For Work Environments®

# Drain Rocket™

## Non-Acid Drain Opener

## PRODUCT OVERVIEW :

Drain Rocket's powerful sodium hydroxide formulation delivers fast results on even the toughest clogged drains. It cuts through standing water to reach the clog and quickly clears away grease, hair, lint, food scraps, and other organic materials. Non-foaming and non-flammable, Drain Rocket is safe for use on pipes and won't harm septic systems or plumbing.

## DIRECTIONS FOR USE :

### Step 1: Application

- No need to remove standing water.
- Use a funnel if needed to avoid splashing.
- Slowly pour 1-2 bottles (16-32 oz) directly into the drain.

### Step 2: Wait

- Allow product to work for 15 minutes.

### Step 3: Flush

- Flush thoroughly with warm water.
- If the clog persists, do not reapply or use any other product—consult a plumber.

### CAUTIONS & WARNINGS

- Do not use if any other drain product has been applied; mixing may cause a violent reaction.
- Do not stand over or look into the drain during or immediately after use.
- Do not use a plunger while product is in the drain.
- Do not plug the drain during treatment.

### IMPORTANT SAFETY INFORMATION

- Not for use in toilets or on porcelain fixtures that may crack from heat generated during use.
- Avoid contact with faucets, drain stoppers, trim, or countertops—rinse immediately if contact occurs.
- Never use in aluminum containers.

## TECHNICAL DATA :

**APPEARANCE:** Clear pale yellow liquid

**ODOR:** Mild odor

**DRAIN OPENER TYPE:** Liquid caustic

**pH:** 14

**SPECIFIC GRAVITY:** Approximately 1.51

**STORAGE:** Always keep cap on bottle tightly sealed. Avoid excessive heat.

Please review label and SDS for all product directions, precautions and first aid information.

### PACKAGING

108801

1 Pt Bottle/CS12
