CARE FOR WORK ENVIRONMENTS®

CHAMP™

SUPERIOR CLEANING ABILITIES

CHAMP's non-acid formula cleans with the speed and ability of a true champion! Quickly cuts through soil effectively; removes even tough rust stains! Has a pleasant apple scent.

HIGHLY VISCOUS

CHAMP stays where it's applied. Won't drip or run off surfaces.

LESS IRRITATING

CHAMP replaces powders which tend to be irritating to nose and eyes, and often leave residual chlorine odor on the hands.

EASY APPLICATION

A few squirts of CHAMP from the EZ pour cap is all that is needed. Wipe around with a damp cloth. Polish with a dry cloth for a glistening, shining surface. For badly soiled surfaces, agitate with a wet brush.

USES

CHAMP is an excellent cleaner for porcelain, chrome, ceramic tile, grout, stainless steel, brass, metal and any other surfaces. Works well on wash basins, tile walls, shower stalls, metal hardware, etc.

AUTHORIZATIONS

Meets the requirements for use in Federally inspected meat and poultry plants.

Shake well before using.

Apply CHAMP directly to surface to be cleaned by squeezing bottle, or apply to damp sponge or cloth. Clean surface thoroughly with clean damp sponge or cloth and polish with clean cloth. Close cap after each use. On badly soiled surfaces, scrub with a dampened brush working CHAMP into all crevices. Wipe with damp cloth or sponge and polish. Rinse all food contact surfaces and equipment thoroughly with potable water before reusing.

Note: To prevent scratching glass, fiber, plastic and other synthetic surfaces, use CHAMP sparingly and rub gently with a damp sponge.

TECHNICAL DATA

APPEARANCE: light green viscous cream

ODOR: apple

WEIGHT PER GALLON: 9.7 lbs.

FLASH POINT: nonflammable

STABILITY: two years

pH: 7 - 8
