Laundry Detergent H.E.

Concentrated Dissolvable Packets

POWERFUL AND CONVENIENT

Laundry Detergent H.E. Concentrated Dissolvable Packets come in portion-sized, water-dissolvable packets. Just toss one packet into the washer with your dirty clothes for excellent results and bright colors in cold, warm, or hot water. The detergent contains low-foaming surfactants, enzymes, and a non-chlorinated bleach. The perfect tool to power out heavy soils and stains in high-efficiency washers with low water levels.

ELIMINATE WASTE AND OVERUSE

Use State Cleaning's Laundry Detergent H.E. packets and eliminate waste and overuse of product. The prepacked portions come stored in 100% recyclable tubs and the packet packaging prevents detergent spills and having to clean out your soap dispenser.

TECHNICAL DATA
