## EnviroResponse Bio-Based Penetrant

### POWERFUL PENETRANT

State Industrial's EnviroResponse Bio-Based Penetrant is formulated to meet today's stringent regulatory requirements. EnviroResponse is formulated from bio-based ingredients and meets VOC regulations. The patented formulation is attracted to metal surfaces, allowing the spray to climb up threads and penetrate frozen and rusty nuts and bolts quickly. EnviroResponse provides superior lubricity leaving behind a thin film to protect against subsequent corrosion. Bolts will loosen more easily in the future after using EnviroResponse.

### ENVIRORESPONSE BIO-BASED PENETRANT IS IDEAL FOR:

- Automotive repair
- Shop maintenance
- Hinge and door maintenance
- Detail shop
