CARE FOR WORK ENVIRONMENTS[®]

Ecolution[®] Pro GLASS CLEANER

STREAK-FREE CLEAN

Ecolution[®] Pro Glass Cleaner contains powerful cleaning agents that cut through tough dirt and grime on all types of glass surfaces leaving a truly streak-free shine after only one application. Grease, grime, film, oil, lipstick, smoke and fingerprints are no match for the cleaning power of Ecolution Pro Glass Cleaner.

Ecolution Pro Glass Cleaner was compared to other industry standard window and glass cleaners. Testing was conducted using CSPA designation DCC-09 Cleaning Performance Test that evaluates cleaning, smearing and streaking performance. Ecolution Pro Glass Cleaner performed as well or better than all competing products on a scale from 0 - 12, with 12 being the best overall.

CERTIFICATION

Ecolution Pro Glass Cleaner contains none of the harsh, irritating ingredients like ammonia and butyl found in traditional glass cleaners. Utilizing cutting-edge surfactant technology, its formula performs at the highest level for a clean, streak-free shine while still being considered safe for the end-user and the environment. Ecolution Pro Glass Cleaner has been certified by the U.S. EPA Safer Choice program.

PACKAGING

124296	55 GL Drum
115861	20 GL Drum
115860	5 GL Pail
115857	1 GL Bottle/CS4
115859	3 L Bottle/CS4 (For use with One Solution™)

CONCENTRATED FOR ECONOMY

Ecolution Pro Glass Cleaner is a super concentrated formula that can be diluted to meet specific customer needs. This offers the end-user tremendous flexibility while being economical. To assure accurate dispensing and cost control, Ecolution Pro Glass Cleaner can be diluted using State's One Solution™ dilution system. Ecolution Pro Glass Cleaner can be applied with a traditional trigger sprayer or used in bucket and squeegee applications.

DIRECTIONS FOR USE:

Normal Duty Cleaning: Dilute 8 ounces (1:16) of Ecolution Pro Glass Cleaner per one gallon of cold tap water. Spray onto surface and then wipe with a clean cloth or paper towel.

Heavy Duty Cleaning: Dilute 16 ounces (1:8) of Ecolution Pro Glass Cleaner per one gallon of cold tap water. Spray onto surface and then wipe with a clean cloth or paper towel.

Bucket and Squeegee Cleaning: Dilute as instructed above and apply to surface with a sponge or brush and squeegee off.

NOTE: When cleaning electronics, spray and wipe immediately to avoid any potential damage or discoloration.

Please review label and SDS for all product directions, precautions and first aid information.

TECHNICAL DATA:

APPEARANCE: blue liquid

FRAGRANCE: no added fragrance

pH (DILUTED): 7.0-8.0

SHELF LIFE: two years
