

# FORMULA **190-X** LIQUID WEED KILLER

- Moves through plant system and kills at root level
- Will not deactivate in rain
- Effective for one year

190

CARE FOR WORK ENVIRONMENTS<sup>®</sup>

#### FORMULATED FOR RESULTS

This specially-formulated, non-selective herbicide is used for controlling a variety of annual and perennial weeds and grasses. It is recommended for use only on non-cropland areas such as railroad right-of-ways, fence rows, parking lots, outside of buildings, loading ramps, storage yards, tank farms and industrial sites. The degree of control and duration of results depends on the amount of herbicide applied, soil type, rainfall and other conditions. This product is also recommended for municipal weed control and as a semi-soil sterilant.

# FOR USE ON/OR AROUND:

- Storage areas
- Machinery
- Fuel tanksGuard rails

Pumps

Pipelines

Railroads

Military installations

- Roadways
- Airports
- Highway mediansLumberyards
- Right-of-ways
- Fences

#### ALSO...

for use around buildings or industrial sites (cross connects, pedestals, transformers, vaults, buried cable closures, telephone booths, and fire plugs) where bare ground is desired. A wide variety of annual and perennial weeds and grasses are controlled in the above sites.

## SUSCEPTIBLE PLANTS:

Do not apply under any circumstances where spray drift may occur to food, forage, or other plantings that might be damaged and thereof rendered unfit for sale, use or consumption. Susceptible crops include, but are not limited to, cotton, okra, flowers, grapes (in growing stage), fruit trees (foliage), soybeans (vegetative stage), ornamentals, sunflowers, tomatoes, beans, other vegetables, or tobacco. Small amounts of spray drift that might not be visible may injure susceptible broadleaf plants.

### DIRECTIONS FOR USE:

It is a violation of Federal law to use this product in a manner inconsistent with its label.

To control most weeds and grasses on non-cropland areas for an extended time, apply 1 gallon per 1000 square feet (43.5 gallons per acre) of undiluted weed killer after the most predominant weeds have emerged. No agitation is required. This herbicide should be applied with standard spraying equipment. For treating small areas, a tank-type sprayer or sprinkling can may be used.

Use of this product in certain portions of California, Oregon and Washington is subject to the January 22, 2004 Order for Injunctive Relief in Washington Toxics Coalition, et al.v.EPA, C01-0132C, (W.D. WA). For further information, please refer to EPA Web Site: http://www.epa.gov/espp.

**APPLICATION RESTRICTIONS:** Do not apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application. Not to be used in any recreational areas or in or around homes.

**ENTRY RESTRICTION:** Do not enter or allow people (or pets) to enter the treated areas until sprays have dried.

Prohibited for aerial applications.
