FGL

Food Grade Lubricant

USP WHITE MINERAL OIL

FGL is a white mineral oil lubricant developed for the food processing and packaging industry. FGL is made of white mineral oil for clean, non-staining applications. FGL eliminates time consuming clean-up associated with standard black grease.

IDEAL FOR FOOD MACHINERY

FGL is safe to use where the possibility of food contact exists. Lubricant is ideal for bottling equipment, packaging machines, canning equipment, conveyors and all machinery to be found in food industries. FGL is certified H1 by NSF for use in the food industry

CONVENIENT

FGL requires no costly equipment. The industrial size aerosol is designed for in-plant or in-field use. Use the handy extension tube for hard-to-reach areas.

Please review label and SDS for all product directions, precautions and first aid information.

TECHNICAL INFORMATION:

APPEARANCE: clear, oily liquid

OPERATING RANGE: 0°F to 300°F

VISCOSITY: 330-366 SUS @ 100°F

COLD STABILITY: 0°F
