

# GENERAL CLEANING *Solutions*

- Formulated with solvents for fast, effective cleaning for spotless glass and windows
- Cost effective concentrated formula with accurate dilution control
- Effective at temperatures down to 20°F (-6°C)

CARE FOR WORK ENVIRONMENTS®

## Concentrated Glass Cleaner

### SPOTLESS, FAST AND EASY CLEANING

Concentrated cleaning agents containing solvents to cut through common dirt, grime, grease, smoke film, oil, fingerprints and chemical surface film. Glass surfaces instantly become streak-free and sparkling clean and stay cleaner longer. Glass Bright contains a clean, crisp fragrance that also freshens the air while it cleans.

### FAST AND EASY TO USE

Simply spray on and wipe off. Glass Bright penetrates surface film immediately, holding the particles in suspension away from the surface. A quick wipe with a cloth removes suspended grime, leaving no unsightly deposits and no sticky film. The surface regains its original protective characteristics. Glass Bright's formula is even effective at below freezing temperatures down to 20°F (-6°C).

### CONCENTRATED FOR ECONOMY

Glass Bright is super concentrated. It can be diluted manually or used with State's One Solution™ dilution system for maximum cost effectiveness, product performance and workplace safety.

### GLASS BRIGHT EFFECTIVELY CLEANS:

- Countertops
- Appliances
- Glass
- Windows
- Mirrors
- Automotive Glass
- Plastics
- Chrome and Plated Metals
- Fixtures
- Display Glass

### DIRECTIONS FOR USE

**General-Duty Use:** Glass, windows, mirrors, countertops, appliances. Dilute 1:20 or 1 qt. for 5 gallons.

**Heavy-Duty Use:** Chrome and plated metals, plastics, heavily soiled glass. Dilute 1:10 or 2 qts. for 5 gallons.

**Industrial-Strength Use:** Cold weather conditions down to 20°F (-6°C) and stubborn soils including lipstick and markers. Dilute 1:6 or 3 qts. for 5 gallons.

Please review label and SDS for all product directions, precautions and first aid information.

### TECHNICAL DATA

**APPEARANCE:** clear blue-green liquid

**FRAGRANCE:** Morning Fresh™

**WEIGHT PER GALLON:** 8.0 lbs

**pH (CONCENTRATE):** 10.0 - 11.0

**STORAGE STABILITY:** two years

**FLASH POINT:** 80°F (26°C) by TCC

**FREEZING POINTS:**

Diluted 1 to 1: 20°F (-6°C)

Diluted 1 to 5: 24°F (-4°C)
