CARE FOR WORK ENVIRONMENTS[®]

High Gloss Protectant

STOPS DETERIORATION WITH 4-WAY ACTION

HGP protects valuable items which are under constant attack. The moment surfaces are exposed to the atmosphere, deterioration begins. Light makes colors fade, while heat causes once soft materials to harden and crack. Grit and dirt dull glossy surfaces and moisture brings mildew and rotting. Just one treatment with HGP stops deterioration with 4-way action.

RESTORES

HGP not only coats surfaces, but penetrates deeply to bring back new appearance. Materials become soft and supple once again.

BEAUTIFIES

Enhances visual appearances; revitalizes dull surfaces.

PROTECTS

Provides a longer useful life. The formula guards against destructive light rays - both indoors and outdoors. Plus, it repels dust and dirt. HGP makes many surfaces moisture proof — liquids bead up so spills wipe up easily.

POLISHES

HGP produces a luxurious polished finish. Surfaces remain glossy longer, resist scratching and abrasion.

APPLICATIONS

- Office equipment
- Tires
- Automotive vinyl and plastic
- Rubber
- Plastic laminates
- Fiberglass
- Treated leather

TECHNICAL DATA:

Appearance: Opaque white aerosol spray

pH: 9.3

Silicones: Present

Net Weight: 10 oz. (248 grams)

Stability: Minimum 1 year

Cold Stability: 32°F
