

One Solution™ for all your cleaning needs.

One Solution™ Wall Mount Foamer

When you have large cleaning and sanitation jobs, turn to the One Solution™ Wall Mount Foamer to efficiently, economically, and effectively get the job done!

Features:

- Patented selector valve eliminates need for multiple ball valves, which lowers cost and simplifies operation.
- Specially designed eductors require less water to operate compared to other units, delivering better performance against the backpressure of long discharge hoses and spray guns.
- 4.5 GPM (18lpm) rinse function provides full flow rinse for quick, effective rinsing. Saves time and labor costs.
- Molded components are resistant to chemical attack and hard water deposits ensuring long life and reliability.
- Integrated hose rack eliminates need for separate, costly hose hanger.
- Easy to understand icons replace words to allow proper use by all workers regardless of language.
- System delivers effective performance with water up to 160°F (70°C).
- Dual function gun provides foam and rinse sprays, lowering cost while increasing flexibility.
- Ability to run multiple products through system including degreasers, disinfectants and sanitizers, bathroom cleaners, and more.

Effectiveness:

The One Solution™ Wall Mount Foamer system is highly effective. Unlike other systems where dilution is fixed, the One Solution Wall Mount Foamer™ allows for a wide dilution range to meet your cleaning needs. And because each chemical is diluted properly, the product is going to perform with maximum effectiveness every time without costly overuse.

Applications:

The One Solution™ Wall Mount Foamer system is designed for long service life even in demanding applications such as:

- Supermarket meat rooms
- Seafood Shops
- Butcher Shops
- Fitness facilities (locker rooms & bathrooms)
- Bakeries
- Delicatessens
- Any food preparation areas and kitchens
- Anywhere where large cleaning and sanitizing jobs exist

One Solution™ for all your cleaning needs.
