STATE POWER² DC

POWERFUL DISINFECTING FORMULA

Po₂wer DC is a powerful, EPA registered, hydrogen peroxide and peracetic acid disinfecting cleaner that is safe for use in healthcare facilities, schools, food processing plants, restaurants, breweries and more. Its unique formula kills various bacteria and viruses in as little as two minutes.

BROAD SPECTRUM SOLUTION

When used in accordance to the label, Po₂wer DC is effective against a variety of bacteria, viruses and fungi. It can be used to combat Clostridium difficile (C. diff), Mycobacterium bovis (Tb), Canine Parvovirus as well as Candida albicans and Trichophyton Interdigitale (athlete's foot).

SAFE TO USE

Po₂wer DC's formula, when properly diluted, is just as safe as it is effective. It can be used as a no-rinse sanitizer for fruits and vegetables, and as a treatment to combat spoilage and bacteria. It is safe to use on food contact surfaces and beverage dispensers. The unique Po₂wer DC formula will not cause corrosion when applied to metals, such as stainless steel.

FOR USE ON:

Hard, non-porous washable surfaces including countertops, stovetops, sinks, appliances, tables, outdoor furniture, chairs, desks, telephones, bed frames, walls, cabinets, door knobs, baby toys, toilets, garbage cans, stainless steel, finished woodwork, Formica, vinyl, plastic upholstery, bathtubs, shower stalls, sinks, toilet bowls and more.

DIRECTIONS FOR USE

To comply with Federal law, use this product accordingly with directions on label.

For use as a one-step, general, hospital disinfectant:

Dilute at a ratio of 2 fluid oz. of product per 1 gallon of water.

For use as a sporicide against C. diff spores:

Dilute at a ratio of 4 fluid oz. of product per gallon of water.

For use on food contact surfaces:

Dilute at a ratio of 2 fluid oz. of product per 6 gallons of water.

For use as a fruit and vegetable no-rinse sanitizer:

Dilute at a ratio of 1 fluid oz. of product per 20 gallons of water.

For use as an animal premise virucide:

Dilute at a ratio of 4 fluid oz. of product per gallon of water.

TECHNICAL DATA

APPEARANCE: colorless liquid

ODOR: pungent vinegar smell

pH: <3.0

FLASHPOINT: none to decomposition

ACTIVE INGREDIENTS: hydrogen peroxide 27.3%
peracetic acid 5.9%

EPA REGISTRATION NUMBER: 10324-214-70799
