

#### Household Style

Our concentrated, low foaming products yield excellent results in both top load and front load washers. Dispenser options provide precision dosing and a lock-out feature to prevent waste.

PYXIS LAUNDRY DETERGENT - a neutral pH, concentrated surfactant. Low foaming for all soil and fabric types. Compatible with high efficiency machines.

PYXIS LAUNDRY BRIGHTENER - a color-safe, oxygen

bleach that can be used safely on all fabrics.

PYXIS SOLID OXY DETERGENT - a powerful, solid detergent enhanced with a color-safe destainer for a convenient, all-in-one product.

# SPOTTERS, Pre-Treatments & Specialties

PO<sub>2</sub>WER RTU OXY CLEANER - combination of enzymes, surfactants, and color-safe peroxide.

PO<sub>2</sub>WER POWDER OXY CLEANER - oxygen based stain fighter that powers out organic soils such as wine, blood and juice, but is safe to use on colors.

PYXIS RUST STAIN REMOVER - rust and other metallic stains.

PYXIS PROTEIN STAIN REMOVER - food soil, and all organic stains.

PYXIS OIL & GREASE REMOVER - shoe polish, crayon, grease, etc.

AVANCE POWDERED MACHINE DETERGENT / STAIN BLAST

PYXIS CONDITIONER - suspends minerals and calcium with special water conditioners to keep whites bright and improve detergency.

FABRISHIELD FABRIC SIZING - restores body to fabric, makes ironing easier.

On-Premise & Industrial

#### Alkali's & Breaks -

PYXIS BREAK - contains polymers to condition the water and alkali builders that stay free-flowing.

PYXIS BREAK, R.A. - for industrial applications that demand highly refined caustic with the least amount of impurities.

## Surfactants & Detergents

PYXIS LAUNDRY DETERGENT - a neutral pH surfactant effective even in heavy soil. Rinses free and will not build up on fibers.

PYXIS BUILT DETERGENT - a combination of low sudsing surfactants, alkali builders, water conditioners and optical brighteners to powerfully clean soil away from fabric.

PYXIS CITRUS LAUNDRY DETERGENT - a blend of surfactants and citrus solvent to offer outstanding results on oily makeup, chef coats, kitchen rags, or table linens.

## Bleaches & Destainers —

PYXIS DESTAINER - a concentrated, hypochlorite destainer. 12% chlorine.

PYXIS LAUNDRY BRIGHTENER - a powerful, color-safe, oxygen bleach. Will not degrade cotton. 14% Peroxide.

PYXIS ANTI-CHLOR - effectively neutralizes any chlorine residual in all fabrics including synthetics.

#### Softeners & Sours -

PYXIS SOUR - lowers the pH in the final rinse while neutralizing any iron in the water.

PYXIS SOFTENER / SOUR - softens the fabric while lowering the pH.

PYXIS FABRIC SOFTENER - softens and fluffs the fibers leaving the fabric static free.
