SAFETY SOLVENT DEGREASER

NON-FLAMMABLE

SSD II has no flashpoint, is non-flammable and is non-conductive. It provides greater safety and reduces the risk of property damage by fire.

LEAVES NO RESIDUE

Evaporation is controlled and complete with this product. It leaves no residue to attract dirt and grime, so there is no need to rinse the equipment.

CONTAINS NO 1,1,1 TRICHLOROETHANE

This ozone-depleting ingredient is not present.

ALLOWS CONTROLLED EVAPORATION

SSD II allows insoluble matter to be flushed and soluble soils to be dissolved. Its unique formula evaporates rapidly in order to prevent product entrapment damage.

HIGH DIELECTRIC STRENGTH

SSD II has a dielectric strength of 29,000 volts. This means it can be used on electrical equipment without concern about shorting out equipment or shocking workers.

TECHNICAL DATA:

Appearance: clear aerosol spray

Odor: chlorinated solvent

Flashpoint: none

Flame Extension: none

Dielectric Strength: 29,000 volts

Solvency: excellent for oil, grease, lubricants

Petroleum Distillates: none

Moisture Displacing Properties: good

Fluorocarbons Present: none

Typical Electrical Apparatus Cleaning Applications: generators, motors, control panels, instruments

Authorization: Meets the requirements for use in Federally inspected meat and poultry plants.

PACKAGING

122867-12 18 Oz Aerosol/CS12

122867-24 18 Oz Aerosol/CS24
