

INDUSTRIAL CLEANING *Solutions*

STATE
999®

- Concentrated, water-soluble industrial degreaser
- Multi-purpose degreaser that works on metal, wood, vinyl, plastic, chrome and aluminium
- Nonflammable

State®
Since 1911

CARE FOR WORK ENVIRONMENTS®

STATE 999®

HEAVY-DUTY, ALL-AROUND DEGREASER:

State 999® is specifically formulated to pinpoint dirt and grease, emulsifying and converting it into a consistency that can be washed away with ease. State 999 effectively eliminates soils that often accumulate in heavy machinery and around food preparation areas.

Use State 999 to remove oil, grease, carbon and wax stains. It can be used on metal, wood, vinyl, plastic, chrome and aluminum surfaces.

PRACTICAL FORMULA:

The State 999 formula can be diluted to accommodate all of your needs. Pair State 999 with State's One Solution™ Dilution System to ensure workplace safety, faultless performance and cost efficiency.

DIRECTIONS FOR USE

Please review label and SDS for all product directions, precautions and first aid information.

Apply solution to surface. Scrub or agitate to activate cleaning action. Allow State 999 to work for two to three minutes. Rinse with water if necessary or wipe off with a cloth or sponge.

FOR GENERAL CLEANING: 2-3 OZ. per gallon of water (1:64)

FOR HEAVY DUTY CLEANING: 10-12 OZ. per gallon of water (1:12)

NOTE: Use caution on painted walls. A cleaning solution too concentrated can have a dulling effect on certain paints and inexpensive grade varnishes. It is recommended to try the cleaning solution first on a small, inconspicuous area.

PRESSURE WASHING: Mix one part State 999 with 32 parts water.

TECHNICAL DATA

Appearance: clear blue liquid

pH: use dilution - 10.9 +/- 0.4

Ammonia Content: none

Biodegradable Test: positive

Shelf Life: minimum one year

Stability at 105°F: clear

Stability at 40°F: clear

Dilution in Hard Water: clear

Deleterious Effect of Use Dilutions: Resilient floors with finish, may remove finish; Asphalt - none; Metal surfaces - none; Vinyl Asbestos - none; Linoleum - none; Vinyl tile - none; Aluminum - None; Painted surfaces - strong dilutions could dull.

IMPORTANT: For best results, always rinse thoroughly after cleaning.
