# Urinal-Ade®

## Urinal Cleaner, Deodorizer and Maintainer

### ELIMINATES MALODORS AT THE SOURCE

State's exclusive formulation contains a blend of detergents, deodorants and water conditioners in a solid, long lasting block. It dissolves uric salts, mineral deposits and hard water scale which can harbor urinal odors.

### CLEANS AND PROTECTS

Combats organic waste matter before it enters the drain. Urinal-Ade® prevents stains from forming on porcelain.

### DISPOSABLE "S" SCREEN

Each Urinal-Ade block is encapsulated in a special State "S" screen that replaces conventional screens and eliminates the need for weekly cleaning. Fits both floor and wall hanging urinals.

### PLEASANTLY SCENTED

Choose from different fragrances to deodorize the urinal and surrounding area. Each Urinal-Ade contains State's SE-500® odor-eliminating technology to neutralize malodors at the molecular level.

### DIRECTIONS FOR USE:

1. For best results, clean urinals thoroughly with State Mint Action™ before using Urinal-Ade.
2. Place entire unit in base of urinal covering drain opening. For best results, do not place in standing water.
3. When block is dissolved, discard entire unit and replace with new Urinal-Ade.

Note: Store in a cool, dry place.

Please review label and SDS for all product directions, precautions and first aid information.

### TECHNICAL DATA:

**APPEARANCE:** green or blue solid

**FLASH POINT:** none to boiling point

**SURFACTANTS:** present

**PENETRANTS:** present

**DEODORIZING ABILITY:** excellent

**WATER SOFTENERS:** present

**DETERGENCY:** excellent

**LIFE CYCLE:** 4 to 6 weeks

**SOLUBILITY:** water activated

**VISU-ADE COLOR:** indicates continued performance

**DISSOLVES:** uric acid salts, mineral deposits, hard water scale and other common soils

**STABILITY:** minimum one year

Contains no paradichlorobenzene
