KONTROL®

ODOR ELIMINATOR

Kontrol® Odor Eliminator is a powerful deodorizer designed to eliminate tough odors from sources like smoke, organic matter, mildew, trash, and more, replacing them with a clean, long-lasting fragrance. Powered by SE-500® technology, it penetrates deep into fabrics, carpets, and upholstery to neutralize odor molecules rather than simply masking them. Highly concentrated and economical, it can be used full strength or diluted for cost-effective everyday deodorizing. Its water-based, neutral-pH formula is safe on most surfaces, making it ideal for restrooms, trash areas, lobbies, and other problem spots.

Kontrol® Odor Eliminator can be applied with spray bottles or mechanical foggers for wide coverage, including use with State's Fogmaster Jr.™ for maximum effectiveness.

- Versatile, multi-surface deodorizer and air freshener
- Effective anywhere malodors are present
- Concentrated formula for economical use
- Available in multiple fragrances and packaging options

KONTROL[®] ODOR BEADS

BEAD BAG
AIR FRESHENER

Kontrol[®] Odor Beads use State's SE-500[®] technology to neutralize odors at the source, not just cover them up. This advanced formula replaces foul smells with a clean, long-lasting fragrance. Each bead packet is enclosed in a breathable nylon air-flow bag that releases scent evenly while keeping the beads contained. Each packet freshens for 14–28 days. For mounted use, the optional Bead Bin dispenser attaches easily to doors, vents, or garbage can lids and makes replacing packets quick and clean. Odor Beads are environmentally friendly and come in a variety of fragrances to suit different spaces and preferences.

- Powerful aromatic beads in air-flow mesh bags
- Convenient for all spaces
- Safe for use in air ventilation systems
