Care For Work Environments®

In-Sight™

Glass Cleaner

PRODUCT OVERVIEW :

INSTANT CLEANING ACTION

In-Sight™ contains powerful cleaning agents that cut through tough dirt and grime leaving a streak-free shine after only one application. Its powerful formula cuts through grease, grime, film, oil, smoke, and fingerprints on all glass surfaces, including automobile windshields.

In-Sight™ is packaged in a convenient ready-to-use spray bottle that requires no mixing or measuring. For applications where a clinging foam is desired, In-Sight™ is also available as an aerosol. Keeping windows, mirrors, and other glass surfaces clean is as easy as spraying and wiping.

DIRECTIONS FOR USE :

AEROSOL

Shake well before using. Hold can upright, about 10 inches away from surface, pointing nozzle toward glass to be cleaned. Press spray button and apply evenly to surface. Wipe with a clean cloth or paper towel until dry. For heavily soiled surfaces, allow product to set for a few minutes before wiping. Repeat if necessary with a clean cloth.

IMPORTANT NOTE: Avoid prolonged contact with soft plastic surfaces (such as vinyl). In the bulk formula, this product is not safe on electronic screens or automotive windows. However, in aerosol form, it is safe for use on electronic screens or automotive windows, excluding those with a film or tint. To avoid discoloration wipe from these surfaces immediately.

BULK

Hold bottle upright, about 10 inches away from surface, pointing nozzle toward glass to be cleaned. Press trigger and apply evenly to surface. Wipe with a clean cloth or paper towel until dry. For heavily soiled surfaces, allow product to set for a few minutes before wiping. Repeat if necessary with a clean cloth. The bulk formula is not safe on electronic screens or automotive windows.

FOR FOOD PLANT USE: Use only on glass and display windows in cooler/freezers in the plant. After cleaning, wipe to effectively remove with no resulting contamination of food.

TECHNICAL DATA :

IN-SIGHT™ AEROSOL

APPEARANCE: aerosol spray foam
ODOR: pleasant
TYPICAL pH: 9.5-10
SHELF LIFE: minimum one year

IN-SIGHT™ BULK

APPEARANCE: blue liquid
ODOR: Morning Fresh™
TYPICAL pH: 9.5-10.5
SHELF LIFE: two years

Please review label and SDS for all product directions, precautions, and first aid information.
