Care For Work Environments®

# EXTREME ODOR ELIMINATOR

## PRODUCT OVERVIEW :

### POWERFUL ODOR CONTROL FOR DEMANDING ENVIRONMENTS

Extreme Odor Eliminator delivers long-lasting, industrial-strength odor control designed for the toughest environments. Its robust formula, featuring State's SE-500™ odor neutralizing technology, tackles odors created by decomposing organic materials and high-volume waste, working through the air to eliminate them instead of masking them. As it neutralizes odors, it leaves behind a clean Morning Fresh™ fragrance that enhances the overall freshness of the space. This makes it an excellent choice for facilities handling trash, waste processing, or any other odor-intensive operations.

### OPTIMIZED PERFORMANCE THROUGH FRAGRANCE CENTRAL™ AND FRAGRANCE CUBE™ SYSTEMS

When used through Fragrance Central™, Fragrance Cube™ or the Fragrance Cube™ 6-15, Extreme Odor Eliminator delivers a steady, controlled release that keeps problem areas fresh, even under heavy load conditions. These automated systems ensure continuous distribution throughout the space, maximizing coverage and enhancing overall odor-neutralization performance. The consistent delivery helps neutralize odors both in the air and at their source, reducing manual effort and improving long-term odor management.

## DIRECTIONS FOR USE :

This product is intended for use in multiple systems. Instructions for use and programming vary by system. Refer to the applicable product label for specific instructions.

## TECHNICAL DATA :

**APPEARANCE:** Clear liquid

**ODOR:** Morning Fresh™ fragrance

**SHELF LIFE:** Two years

Please review label and SDS for all product directions, precautions and first aid information.
